<sup>1</sup> Prices reflect the current Medicare allowable rate as published by CG Administrators, LLC, Ohio's Medicare Carrier. CompuNet bills Medicare and Medicaid at its patient/third party prices. CompuNet is reimbursed the lower of the price it bills or the local carrier/agency fee schedule reimbursement.

<sup>2</sup> Federal Law requires that Medicaid reimbursement be the same as or lower than Medicare reimbursement. Prices reflect the rates set forth in Chapter 5160-11 of the Ohio Administrative Code (medicare Reimbursement).
