LOGGING INTO THE ATLAS PORTAL

You will be given a username and temporary password to login to the Atlas Portal. Once you have successfully logged in, you will be prompted to change your password. Your password needs to include the following:

- An uppercase letter
- A lowercase letter
 - Your password must contain 6 letters
- A number
- A special character, such as !@#, etc.

© 2023 Clinisys Inc. All rights reserved.

Once you have successfully logged in and changed your temporary password, you will be prompted to choose and answer a security question. This security question will be used to help reset your password should you forget it.

NOTE: Several team members within your facility will have SITE ADMIN access – these users can add or deactivate users. They can also reset passwords.

LOGGING INTO THE ATLAS PORTAL (cont.)

If there are results for your account present, you will see this screen upon logging into Atlas. You can choose to VIEW patient results, PRINT all new results, or CONTINUE to patient search.

ATLAS QUICK REG

If you need to enter labs prior to registration, you can “quick reg” a patient in the Atlas portal. First, enter the patient’s DOB in the Patient Search field. Hit ENTER.

If your patient returns in the search, then your registration request was completed and **you do not need to quick reg the patient.**

*Note: If you notice the patient’s name has been incorrectly spelled, please call 937-297-8210 or 937-297-8230 to correct the issue.

If your patient is not found, you will see a pop-up box indicating no patient records were found. Click CANCEL.

ATLAS QUICK REG (cont.)

To register a new patient, click NEW PATIENT.

The screenshot shows the CompuNet Patient Search interface. At the top, there is a navigation bar with tabs: Patients, Orders, Results, User, Master Files, System, and Help. A 'Log Out' link is in the top right. Below the navigation bar is the 'Patient Search' section. It includes a search bar with the text '01011900' and buttons for 'Search', 'Clear', and 'Advanced'. There is also a checkbox for 'Recently Selected Patients'. Below the search bar is a table with columns: Name, ID, SSN, Patient MRN, DOB, Sex, City, and Address. The table is currently empty, and a blue box in the center of the table area says 'No Patient Found'. At the bottom of the interface is a toolbar with several buttons: 'New Patient' (circled in red), 'Demographics', 'Insurance', 'Delete Patient', 'Delete / Undelete Reasons', 'Show Deleted Patients', 'Search In PCR', 'Grid Columns', 'Grid Report', 'Export Grid', 'New Standing Order', and 'New Order'.

ATLAS QUICK REG (cont.)

Complete the following fields:

- **Billing Type:** Defaults to Insurance – do not change this.
- **Name (Last Name, First Name):** Should exactly match the name in your EMR. Any deviation from the name in the EMR could cause billing errors.
- **SSN**
- **DOB**
- **Sex**
- **Address:** Enter the address of the facility

When finished, click SAVE.

The screenshot shows the 'Patient Demographics' form in the CompuNet system. The form is divided into two main sections: 'Details' and 'Insurance'. The 'Details' section contains fields for Billing Type (set to 'Insurance'), Prefix, Name (L F M) (set to 'COMPUNET LAB'), Suffix, AKA, Marital Status, Patient MRN, Patient ID, Ordering Location, SSN, DOB (set to '01/01/1900'), Primary Physician (set to 'AHMED, AMAN'), Sex (set to 'Male'), Language, and Race. The 'Insurance' section contains fields for Address (set to '2308 SANDRIDGE DR'), City (set to 'Moraine'), State (set to 'OH'), ZIP Code (set to '45439'), Phone #, E-mail, Drivers License, Notes, and Ethnicity. Red arrows point to the 'Billing Type', 'Name (L F M)', 'DOB', and 'Sex' fields. A red circle highlights the 'Address' field. Another red circle highlights the 'Save' button at the bottom right of the form.

ATLAS QUICK REG (cont.)

After you click SAVE, a pop-up box will indicate you need to enter the patient's insurance information. Click OK.

The screenshot shows the CompuNet Patient Demographics form. A pop-up message from compunet.elaborders.com is displayed, stating: "The patient's billing type has been changed to Insurance. For this billing type the patient must have an insurance provider defined." The "OK" button on the pop-up is circled in red. The form itself has tabs for "Details" and "Insurance". The "Insurance" tab is active, showing fields for Billing Type (set to "Insurance"), Prefix, Name (L F M) (COMPUNET LAB), Suffix, AKA, Marital Status, Patient MRN, Patient ID, Ordering Location, SSN, DOB (01/01/1900), Primary Physician (AHMED, AMAN), Sex (Male), Language, and Race. There are also fields for City (Moraine), State (OH), ZIP Code (45439), Phone #, E-mail, Drivers License, Notes, and Ethnicity. At the bottom of the form, there are links for Guarantor, MRN List, Copy Site Info, Patient IDs, Audit Details, New Standing Order, Questionnaires, New Patient, Unlock Forwarded Patient, and Patient Label. A "Save" button is located at the bottom right of the form.

compunet.elaborders.com says

The portal will prompt you to enter the patient insurance information. Choose the Insurance name, enter the policy number, group number, and all other information provided on the patient's Insurance Card. Complete the Subscriber information.

The screenshot displays the CompuNet Atlas LabWorks web application. The main window shows the 'Patient Demographics' section for a patient named TEST, PATIENT. A modal window titled 'New Insurance Provider for TEST, PATIENT' is open, allowing the user to enter insurance details. The form includes fields for Insurer (Aetna), Network, Responsible Party (TEST, PATIENT), Issue Date, Expires, Policy # (123456789), Status (APPROVED), Lab, Group ID #, Priority (Primary), Subscriber (L F MI) (TEST, PATIENT), Address, City, State, ZIP Code, Employer, Relationship (Self), Sex, SSN, DOB, and Phone. The form also has checkboxes for 'Medicare' and 'Medicaid', and a 'Required Fields' indicator. The background shows the main application menu and a 'Patient QuickLinks' sidebar.

You will be prompted to update or edit any demographic information. If all the information looks correct, select CONTINUE.

The screenshot shows the CompuNet Patient Search interface. A pop-up window titled "CompuNet Atlas LabWorks - Patient Demographic Info..." is open, displaying demographic data for a patient. The background interface includes a menu bar (Patients, Orders, Results, User, Master Files, System, Help), a patient summary bar (PATIENT, TEST, ID: 1234, Female, 01/01/1900, 122Y, SSN:), and a Patient Search table. The search table has columns for Name, ID, and SSN, with two rows: PATIENT, TEST (ID: 1234) and TEST, PATIENT (ID: 12345). The pop-up window contains three sections: Demographic Data, Primary Insurance Data, and Secondary Insurance Data. The Demographic Data section includes fields for Billing Type, Last Name, First Name, Middle Name, AKA, Patient ID, SSN, DOB, Sex, Address, City, State, ZIP, and Phone #. The Primary Insurance Data section includes fields for Primary Insurer, Policy#, Group#, Subscriber Name, and Subscriber DOB. The Secondary Insurance Data section includes fields for Secondary Insurer, Policy#, Group#, Subscriber Name, and Subscriber DOB. At the bottom of the pop-up are buttons for Cancel, Edit, and Continue. On the right side of the main interface, there is a Patient QuickLinks panel with links for Reports, Cumulative Reports, Order History, Demographics, New Order, and New Standing Order. Below this is a Show More Links button and a section with buttons for Patient Search, Order Search, Report Search, Directory of Services, and CompuNet DOS. At the bottom right, there is a New Order button.

NURSE COLLECTED ORDER - Urine/Stool/Culture (cont.)

NOTE: If the search does not return with the patient, you will see a pop-up indicating no patient records were found in this site – always click **CANCEL** if this pop-up appears. This means this patient has not been registered. Patients not found in Atlas will need to be registered in Atlas – refer to *Quick Reg* on page 5.

The screenshot displays the CompuNet Patient Search interface. At the top, the CompuNet logo is visible. Below it, a navigation bar includes links for Patients, Orders, Results, User, Master Files, System, and Help. The main heading is 'Patient Search'. Under 'Lookup By', the 'Patient' field contains the value '01012000'. A 'Search' button and a 'Clear' button are present. A table with columns for Name, ID, SSN, Patient MRN, DOB, Sex, City, and Address is shown, but it is empty. A large blue box in the center of the table area states 'No Patient Found'. A pop-up window from compunet.elaborders.com is overlaid on the search results, stating: 'Your search found no patient records in this site. Would you like to search the Patient Centric Repository for matching patient records?'. The pop-up has 'OK' and 'Cancel' buttons. On the right side of the interface, there is a 'Log Out' button and a section for 'Im. Phys: SSN:' with an 'Advanced' button below it. The bottom of the screen features a toolbar with various actions: New Patient, Demographics, Insurance, Delete Patient, Delete / Undelete Reasons, Show Deleted Patients (checkbox), Search In PCR, Grid Columns, Grid Report, Export Grid, New Standing Order, and New Order.

Name	ID	SSN	Patient MRN	DOB	Sex	City	Address
------	----	-----	-------------	-----	-----	------	---------

NURSE COLLECTED ORDER - Urine/Stool/Culture (cont.)

If the patient is registered in the portal, proceed to selecting the appropriate patient and click NEW ORDER.

The screenshot displays a web-based patient search interface. At the top, there is a navigation bar with tabs: Patients, Orders, Results, User, Master Files, System, and Help. To the right of the navigation bar are links for 'Previous' and 'Log Out'. Below the navigation bar, the page title is 'Patient Search'. On the right side, there is a summary box for the selected patient, 'TEST,PATIENT', showing details: ID: 12345, Female, 01/01/1900, 123Y, Prim. Phys: SSN:.

The main section is titled 'Lookup By' and contains a search bar with the text '01011900'. To the right of the search bar are buttons for 'Search' and 'Clear', and a checkbox for 'Recently Selected Patients'. An 'Advanced' button is located on the far right. Below the search bar is a table with the following columns: Name, ID, SSN, Patient MRN, DOB, Sex, City, and Address. The table contains one row of data:

Name	ID	SSN	Patient MRN	DOB	Sex	City	Address
TEST,PATIENT	12345		A001936308	01/01/1900	Female	Moraine	2308 SANDRIDGE DRIVE, Morain

At the bottom of the interface, there is a toolbar with several buttons: 'New Patient', 'Demographics', 'Insurance', 'Delete Patient', 'Delete / Undelete Reasons', 'Show Deleted Patients', 'Search In PCR', 'Grid Columns', 'Grid Report', and 'Export Grid'. On the right side of the toolbar, there are two buttons: 'New Standing Order' and 'New Order'. The 'New Order' button is circled in red.

NURSE COLLECTED ORDER - Urine/Stool/Culture (cont.)

You will be prompted to update or edit any demographic information. If all the information looks correct, select CONTINUE.

The screenshot shows the CompuNet Atlas LabWorks interface. A 'Patient Search' window is open, displaying a table with patient information. A modal dialog box titled 'CompuNet Atlas LabWorks - Patient Demographic Info...' is overlaid on the search results. The dialog box contains sections for 'Demographic Data', 'Primary Insurance Data', and 'Secondary Insurance Data'. The 'Demographic Data' section is currently active and shows fields for Billing Type, Last Name, First Name, Middle Name, AKA, Patient ID, SSN, DOB, Sex, Address, City, State, ZIP, and Phone #. The 'Primary Insurance Data' and 'Secondary Insurance Data' sections are also visible but empty. The dialog box has 'Cancel', 'Edit', and 'Continue' buttons at the bottom.

STAT LAB ORDER (cont.)

If the nurse collects a STAT specimen:

- Proceed to collecting the specimen using the proper collection device indicated on the requisition.
- Place the requisition with the matching specimen in a specimen bag, seal, leave the sealed bag in the lock box to send to the lab.
- Call **855-932-5966 option 2** for a specimen pick-up.
- Indicate to dispatch that you have a STAT specimen for pick-up.

CompuNet is available to collect a STAT specimen Monday through Friday between 5:00 am and 5:00 pm. **If a CompuNet phlebotomist is to collect the specimen:**

- Call **855-932-5966 option 3** to request a STAT phlebotomist.
- Have the req readily available for the phlebotomist when he/she arrives at your facility.

STANDING ORDER SERIES

Reoccurring lab orders on a patient can be placed and managed in Atlas. First, find the patient in PATIENT SEARCH by entering the patient's DOB (MMDDYYYY). Select SEARCH or hit the ENTER key.

The screenshot shows the 'Patient Search' window in the Atlas application. At the top, there are tabs for 'Patients', 'Orders', 'Results', 'User', 'Master Files', 'System', and 'Help'. A 'Log Out' button is in the top right corner. Below the tabs, the title 'Patient Search' is on the left, and a summary box for 'TEST,PATIENT' is on the right, showing ID: 12345, Female, 01/01/1900, 123Y, and Prim. Phys: SSN:.

The 'Lookup By' section contains a 'Patient' input field with the value '01011900'. The 'Search' button is circled in red. There is also a 'Clear' button and a checkbox for 'Recently Selected Patients'. An 'Advanced' button is on the right.

Name	ID	SSN	Patient MRN	DOB	Sex	City	Address
TEST,PATIENT	12345		A001936308	01/01/1900	Female	Moraine	2308 SANDRIDGE DRIVE, Morain

At the bottom, there is a toolbar with buttons: '+ New Patient', 'Demographics', 'Insurance', 'Delete Patient', 'Delete / Undelete Reasons', 'Show Deleted Patients' (checkbox), 'Search In PCR', 'Grid Columns', 'Grid Report', 'Export Grid', 'New Standing Order', and 'New Order'.

STANDING ORDER SERIES (cont.)

NOTE: If the search does not return with the patient, you will see a pop-up indicating no patient records were found in this site – always click **CANCEL** if this pop-up appears. This means this patient has not been registered. Patients not found in Atlas will need to be registered in Atlas – refer to *Quick Reg* on page 5.

The screenshot displays the CompuNet Patient Search interface. At the top, the 'CompuNet.' logo is visible. Below it, a navigation bar includes tabs for 'Patients', 'Orders', 'Results', 'User', 'Master Files', 'System', and 'Help'. The 'Patient Search' section is active, showing a 'Lookup By' field with 'Patient' selected and the value '01012000'. A 'Search' button and a 'Clear' button are present. A table with columns 'Name', 'ID', 'SSN', 'Patient MRN', 'DOB', 'Sex', 'City', and 'Address' is shown, but it is empty. A large blue box in the center of the table area states 'No Patient Found'. A pop-up window from 'compunet.elaborders.com' is overlaid on the search results, asking: 'Your search found no patient records in this site. Would you like to search the Patient Centric Repository for matching patient records?'. The pop-up has 'OK' and 'Cancel' buttons. On the right side of the interface, there is a 'Log Out' button and a section for 'Im. Phys: SSN:' with an 'Advanced' button below it. At the bottom, there is a toolbar with buttons for 'New Patient', 'Demographics', 'Insurance', 'Delete Patient', 'Delete / Undelete Reasons', 'Show Deleted Patients', 'Search In PCR', 'Grid Columns', 'Grid Report', 'Export Grid', 'New Standing Order', and 'New Order'.

New Order

STANDING ORDER SERIES (cont.)

You will now begin to select the specifics of the Reoccurring/Standing Order. All highlighted fields are required.

- Be sure the appropriate provider is on the order.
- Under DRAW OPTIONS, select **IN OFFICE**.
- In the ADDITIONAL COPY-TO box:
 - Indicate the patient room number
 - If you need a report sent to a unit fax, please include the fax number in this field.

Once complete, click CONTINUE.

The screenshot shows the 'New Standing Order' form with several red annotations. A red circle highlights the 'Ordering Physician' field, which contains 'BERNER, SUSAN'. Another red circle highlights the 'Draw Options' section, where 'In Office' is selected. A red arrow points to the 'FAX TO' field in the 'Additional Copy To's' section, which contains '555-555-5555'. The form includes tabs for 'Order Info', 'Tests', 'Diagnosis Codes', 'Questions', and 'Recurrence'. The 'Order Info' tab is active, showing 'Standing Order Information' and 'Insurance' sections. The 'Standing Order Information' section includes fields for 'Order #', 'Accession #', 'Ordering Physician', 'Account', and 'Billing Type'. The 'Insurance' section is currently empty. The 'Draw Options' section includes 'In Office' and 'PSC' options. The 'Additional Copy To's' section includes 'ROOM 301' and 'FAX TO 555-555-5555'. The 'Order Modifier (Call/Fax/Email)' section is also empty. The form has 'Cancel' and 'Continue' buttons at the bottom right.

FINDING RESULTS

Searching for Results on a Single Patient:

Enter the DOB of the patient you are searching for in the PATIENT SEARCH field. Highlight the correct patient.

Go to the PATIENT tab and select PATIENT REPORTS.

The screenshot displays the CompuNet software interface. The top navigation bar includes tabs for Patients, Orders, Results, User, Master Files, System, and Help. The right side of the bar has buttons for Send Orders, Previous, and Log Out. The left sidebar contains a menu with options: New Patient, Patient Search, Patient: TEST,PATIENT (selected), Cumulative Reports, Order History, Orders Pending Results, Patient Reports (highlighted with a red circle), Patient Results Analysis, Results History, Demographics, Insurance, New Order, New Standing Order, Audit History, and Standing Order List. The main area shows patient details for TEST,PATIENT (ID: 12345, Female, 01/01/1900, 123Y, Prim. Phys: SSN:). Below this is a search bar with Search and Clear buttons, and a checkbox for Recently Selected Patients. A table lists patient information with columns: ID, SSN, Patient MRN, DOB, Sex, City, and Address. The first row shows ID 12345, SSN, Patient MRN A001936308, DOB 01/01/1900, Sex Female, City Moraine, and Address 2308 SANDRIDGE DRIVE, Moraine. The bottom bar contains links for New Patient, Demographics, Insurance, Delete Patient, Delete / Undelete Reasons, Show Deleted Patients, Search In PCR, Grid Columns, Grid Report, Export Grid, New Standing Order, and New Order.

ID	SSN	Patient MRN	DOB	Sex	City	Address

FINDING RESULTS (cont.)

You can also search cumulative reports on a single patient by navigating to the PATIENT tab and selecting CUMULATIVE REPORTS.

The screenshot displays the CompuNet software interface. At the top, a navigation bar includes tabs for Patients, Orders, Results, User, Master Files, System, and Help. A patient information box on the right shows 'TEST, PATIENT' with ID: 12345, Female, 01/01/1900, 123Y, and SSN. A dropdown menu for 'Patient TEST, PATIENT' is open, with 'Cumulative Reports' highlighted. The main area shows a table with columns: Reported, Order #, Accession #, Status, and Lab. Below the table are buttons for Report, Historical, Order, and Patient Specific Report. A 'Sort' dropdown is set to 'Order Received'. At the bottom, there are input fields for Test Name, Test Notes, Result Notes, and a 'Result Detail' button.

FINDING RESULTS (cont.)

Searching for Results on Multiple Patients:

Select RESULTS located in the blue bar. Click REPORTS in the drop-down.

The screenshot shows the CompuNet Patient Search interface. The browser address bar displays <https://compunet.elaborders.com/lwwebapps/lsetex.htm?>. The application has a blue header bar with the CompuNet logo and a navigation menu: Patients, Orders, Results, User, Master Files, System, Help. The 'Results' menu is open, showing a dropdown with 'Reports', 'Sent Forwarded Reports', and 'Results Analysis'. The 'Reports' option is selected. Below the navigation bar, there is a 'Patient Search' section with a 'Patient' input field, a 'Search' button, a 'Clear' button, and a checkbox for 'Recently Selected Patients'. An 'Advanced' button is also present. Below this is a table with columns: Name, ID, SSN, DOB, Sex, and City. The table is currently empty. To the right of the table is a 'Patient QuickLinks' section with a list of links: Reports, Cumulative Reports, Order History, Demographics, New Order, and New Standing Order. Below these links is a 'Show More Links' button. Further down are buttons for 'Patient Search', 'Order Search', 'Report Search', 'Directory of Services', and 'CompuNet DOS'. At the bottom of the interface, there is a status bar with links: New Patient, Demographics, Insurance, Delete Patient, Delete / Undelete Reasons, and a checkbox for 'Show Deleted Patients'. There are also buttons for 'New Standing Order' and 'New Order'.

Select the SEARCH CRITERIA TAB.

ORDER SEARCH (cont.)

There are multiple ways to search for an order; you can search by a specific patient name, date range, test status, etc.

- **NOTE:** Below is a brief explanation of the various search fields:
 - **CRT'D** shows the date the order was created in Atlas
 - **SCH'D** shows the date the order is to be collected on
 - **COLL'D** shows the date the order was collected
 - **STATUS:**
 - **PENDING** – Order has been entered into Atlas, but has not been collected
 - **NOT SENT TO LAB** – Order has been marked collected, but not transmitted to the lab (orders are transmitted every hour throughout the day).
 - **QUEUED TO SEND** – Order has been marked as collected and is in queue to transmit to the lab; an order cannot be edited once it has been queued to send. The specimen has not been received by the lab yet.
 - **SENT TO LAB** – Order has been marked as collected and has been electronically sent to the lab; an order cannot be edited once it has been sent to the lab. The specimen has not been received by the lab yet.
 - **RECEIVED BY LAB** – Order and specimen has been received in the lab, but not resulted
 - **CANCELLED** – Order/specimen has been cancelled by the receiving lab OR has been autocancelled (auto cancellation occurs when specimen was never received by the lab after 14 days of being marked as collected)

ORDER SEARCH (cont.)

Once you have selected your search fields, click SEARCH.

ORDER SEARCH (cont.)

Your search will generate results based on your criteria selected. Few things about the blue links at the bottom of the window:

- **REQUISITION** – reprints a requisition for that order
- **EDIT ORDER** – can add/remove testing, as long as the order is still in the PENDING status
- **DELETE ORDER** – cancels the highlighted order; you will be prompted to provide a reason for cancellation

REVIEWING STANDING ORDERS (cont.)

Select the order you wish to renew or change by ✓ the box to the right of the patient. You will be able to view every order scheduled to be collected for that specific patient.

You can manage individual scheduled orders under the *Scheduled Orders for Selected Standing Order*.

- Selecting **ORDER** allows you to view the highlighted order for the specific scheduled date.
- Selecting **EDIT ORDER** allows you make changes to the highlighted order for the specific scheduled date.
- Selecting **DELETE ORDER** allows you to delete the highlighted order for the specific scheduled date.
